COMPLAINT

Pursuant to its power of eminent domain as authorized by the Natural Gas Act
 (“NGA”), 15 U.S.C. §§ 717-717z, and Federal Rule of Civil Procedure 71.1, plaintiff, Mountain
 Valley Pipeline, LLC (“MVP”), files this Complaint to condemn property interests necessary for

the construction, operation, and maintenance of an interstate natural gas pipeline and associated facilities and appurtenances (“Pipeline”) across properties in the Counties of Giles, Craig, Montgomery, Roanoke, Franklin, and Pittsylvania (“Counties”), Virginia, owned by defendants (“Landowners”):

1. On October 13, 2017, the Federal Energy Regulatory Commission (“FERC”) determined that the Pipeline is in the public interest and issued an Order granting a Certificate of Public Convenience and Necessity for the construction, operation, and maintenance of the Pipeline, which includes approximately 303.5 miles of new 42-inch-diameter natural gas pipeline, three new compressor stations, four new meter and regulation stations and interconnections, and other facilities and appurtenances. A copy of the Certificate Order from FERC is attached as Exhibit 1. The Pipeline will help meet the public’s demand for natural gas in the Northeast, Mid-Atlantic and Southeast regions of the United States by providing transportation of natural gas to those regions from the Marcellus and Utica Shale regions. The Pipeline will be capable of transporting at least two million dekatherms per day of natural gas. Construction of the Pipeline as certificated by the FERC requires easements for permanent and exclusive rights-of-way, access roads, temporary construction easements, and temporary and permanent workspace easements across certain properties located in several counties in Virginia. Accordingly, it is necessary for MVP to acquire temporary and permanent easements across those properties. Condemnation is necessary because MVP has been unable to negotiate mutually agreeable easement agreements with Landowners.

JURISDICTION AND VENUE

2. This Court has subject matter jurisdiction over this action pursuant to the condemnation authority in Section 7(h) of the NGA, 15 U.S.C. § 717f(h), and federal question jurisdiction, 28 U.S.C. § 1331.

3. The amount claimed by the Landowners for each tract exceeds \$3,000.

4. Venue is proper pursuant to 28 U.S.C. § 1391(b) because the properties to be condemned are located within the Western District of Virginia.

PARTIES AND PROPERTIES

MVP

5. MVP is a limited liability company with offices located at 625 Liberty Avenue, Pittsburgh, Pennsylvania 15222. MVP is a natural gas company as defined by Section 2(6) of the NGA, 15 U.S.C. § 717(a)(6), and, as such, is qualified to construct, own, operate, and maintain a pipeline for the transmission of natural gas and constituents thereof. MVP's authorization to transport natural gas in interstate commerce is granted by and subject to the jurisdiction of FERC.

Georgia Lou Haverty

6. Georgia Lou Haverty owns or has an interest in property over which easements for the Pipeline are being taken by condemnation. The property is located in Giles County, Virginia, and described in deed recorded as Instrument No. 201300817, in the land records of Giles County, Virginia, and identified as Tax Map Parcel 30-4A and as MVP Parcel Number BVGI-10. As shown on the map attached as Exhibit 2, MVP seeks to acquire the following rights and easements over the property:

(a)	Temporary Workspace	0.17 acre
(b)	Permanent Easement	0.01 acre
	Total Acres, More or Less	0.18 acre

Donna Rogers Altizer

7. Donna Rogers Altizer owns or has an interest in property over which easements for the Pipeline are being taken by condemnation. The property is located in Giles County, Virginia, and described and described in Will Book 40, page 116, in the Circuit Court Clerk's Office of Giles County, Virginia, and identified as Tax Map Parcel 27-18 and as MVP Parcel Number VA-GI-008.05. As shown on the map attached as Exhibit 3, MVP seeks to acquire the following rights and easements over the property:

(a)	Temporary Access Easement	1.94 acres
(b)	Temporary Workspace	4.08 acres
(c)	Additional Temporary Workspace	0.18 acre
(d)	Permanent Easement	1.91 acres
	Total Acres, More or Less	8.11 acres

Lhoist North America of Virginia, Inc.

8. Lhoist North America of Virginia, Inc. owns or has an interest in property over which easements for the Pipeline are being taken by condemnation. The property is located in Giles County, Virginia, and described in deed recorded in Deed Book 280, Page 709, in the land records of Giles County, Virginia, and identified as Tax Map Parcel 27-73 and as MVP Parcel Number VA-GI-008.06. As shown on the map attached as Exhibit 4, MVP seeks to acquire the following rights and easements over the property:

(a)	Temporary Workspace	0.04 acre
(b)	Permanent Easement	0.08 acre
	Total Acres, More or Less	0.12 acre

Lhoist North America of Virginia, Inc.

9. Lhoist North America of Virginia, Inc. owns or has an interest in property over which easements for the Pipeline are being taken by condemnation. The Property is located in Giles County, Virginia, and described in deed recorded in Deed Book 280, Page 709, in the land records of Giles County, Virginia, and identified as Tax Map Parcel 27-75 and as MVP Parcel Number VA-GI-013. Unknown Owners

302. There may be other persons who own or claim an interest in the property rights being condemned whose names are unknown to MVP because they could not be determined by diligent inquiry. These persons have been made parties to this action as Unknown Owners as permitted by Rule 71.1.

AUTHORITY AND USES FOR THE TAKING

303. On October 13, 2017, FERC issued the Certificate Order to MVP for the construction, operation, and maintenance of the Pipeline. See Exhibit 1. The Certificate Order finds the Pipeline to be a public convenience and necessity.

304. The Pipeline will help meet the public's demand for natural gas in the Northeast, Mid-Atlantic, and Southeast regions of the United States by providing transportation of natural gas from the Marcellus and Utica Shale regions. The Pipeline will be capable of transporting at least two million dekatherms per day of natural gas.

305. To construct the Pipeline as certificated by FERC, it is necessary for MVP to acquire easements for permanent and exclusive rights-of-way, access roads, temporary construction easements, and temporary and permanent workspace easements across the properties of Landowners.

306. MVP made offers to Landowners to acquire the necessary property rights for easements across their properties, but it has been unable to acquire those property rights by agreement from Landowners.

307. Pursuant to Section 7(h) of the NGA, 15 U.S.C. § 717f(h), MVP has the right to acquire the necessary property interests described herein to construct, operate, and maintain the Pipeline.

EASEMENTS TO BE TAKEN

308. In accordance with the Certificate Order, MVP condemns necessary temporary and permanent access easements, temporary and permanent workspace and additional workspace easements, temporary and permanent anode bed easements, and easements for permanent and exclusive rights-of-way on and across properties of Landowners as described

herein and shown on the maps. The easements are located over and along the route that was approved by FERC.

309. The easements may include, as more specifically identified on the map/plat for each property:

- (a) Permanent and exclusive rights-of-way of 50 feet in width to construct, operate, protect, maintain, replace, repair, remove, or abandon the pipeline and appurtenant equipment and facilities;
- (b) Ingress to and egress from the rights-of-way by means of the permanent and temporary access roads, which MVP may construct, improve, maintain, or replace as necessary or convenient;
- (c) The right of ingress and egress to, from, on, and across the permanent and exclusive rights-of-way to access other properties or sections of the pipeline and appurtenant equipment and facilities.
- (d) Temporary and permanent workspace and additional workspace;
- (e) Temporary and permanent anode bed easements and workspace;
- and
- (f) The right to clear trees, brush, or other vegetation as necessary or convenient for the safe and efficient construction, operation, or maintenance of the pipeline or access roads.

310. The pipeline, except for risers, valves, drips, hydrate removal systems, line markers, cathodic protection, and test standards, and other appurtenant equipment and facilities reasonably required, shall be buried so as not to interfere with the cultivation of the land. The Landowners may fully use and enjoy the premises to the extent that such use and enjoyment does

not interfere with or obstruct MVP's rights described herein. The Landowners shall not, without the prior written consent of MVP: (a) change the depth of cover over the permanent and exclusive rights-of-way for the installed pipeline, (b) place or permit to be placed any temporary or permanent structure or obstruction of any kind, including but not limited to buildings, swimming pools, sheds, paved roadways, concrete pads or sidewalks, mobile homes, trees, telephone poles or wires, electric poles or wires, water or sewer lines, meters or utility boxes, or the like on or over the permanent and exclusive rights-of-way for the installed pipeline; (c) store any materials of any kind on the rights-of-way or operate or allow to be operated over the rights-of-way any heavy machinery or equipment that is in excess of 40,000 pounds or that may damage the pipeline or its appurtenant equipment or facilities; or (d) permit the rights-of-way to be covered by standing water, except in the course of normal seasonal irrigation.

WHEREFORE, MVP requests that this Court:

- a. Enter an Order granting MVP the property rights described above;
- b. Grant MVP immediate access and entry prior to the determination of just compensation upon the posting of an appropriate bond;
- c. Determine and award just compensation to Landowners for the taking of the temporary and permanent easements; and
- d. Grant such other relief as may be just and proper.

Dated: October 24, 2017.
