

UNITED STATES DISTRICT COURT  
WESTERN DISTRICT OF LOUISIANA  
LAFAYETTE DIVISION

TECHE VERMILION SUGAR CANE  
GROWERS ASSOCIATION INC., ET AL.

CASE NO. 6:23-CV-831

JUDGE ROBERT R. SUMMERHAYS

VERSUS

MAG. JUDGE CAROL B. WHITEHURST

JULIE SU, ET AL.

**AMENDED PRELIMINARY INJUNCTION ORDER**

The Court previously issued an order granting Plaintiff's application for a preliminary injunction [ECF No. 46]. The parties each filed motions to clarify that order [ECF Nos. 47, 50], which the Court granted [ECF No. 59]. This order amends the prior preliminary injunction order [ECF No. 46].

Accordingly, for the reasons given previously,

**IT IS HEREBY ORDERED, ADJUDGED, AND DECREED** that Plaintiffs' Application for a Preliminary Injunction [ECF No. 3] is GRANTED. Defendants are enjoined from enforcing the Final Rule<sup>1</sup> in the following respects:

- (1) The preliminary injunction is limited to H-2A workers employed in sugar cane farming and processing operations in the State of Louisiana.
- (2) The preliminary injunction applies only to H-2A workers hired by the named Plaintiffs and by the persons or entities who were members of the Teche Vermilion Sugar Cane Growers' Association, Inc., the Cora Texas Growers & Harvesters Agricultural Association, Inc., and the American Sugar Cane League (collectively "the Association Plaintiffs") as of November 7, 2024 and who grow, harvest, and process sugar cane in

<sup>1</sup> "Adverse Effect Wage Rate Methodology for the Temporary Employment of H-2A Nonimmigrants in Non-Range Occupations in the United States," 88 FR 12760-01.

Louisiana. See **Exhibit 1** for the list of the Association Plaintiffs' members to whom the preliminary injunction applies.

(3) The preliminary injunction applies only to H-2A job orders filed after September 19, 2024 and job orders that were pending a temporary labor certification as of September 19, 2024. Defendants are not required to re-issue any job orders issued prior to September 19, 2024 solely because those orders included an adverse effect wage rate calculated using the methodology in the Final Rule. Defendants' enforcement of the wage terms of job orders issued prior to September 19, 2024 will not, alone, be grounds for finding that Defendants have failed to comply with the preliminary injunction. This order does not prevent Defendants from reissuing such job orders for reasons unrelated to matters at issue in this litigation, nor does it prevent Plaintiffs from challenging such job orders on grounds unrelated to matters at issue in this litigation.

(4) Plaintiffs and their members are not required to provide security for this injunction.

**IT IS FURTHER ORDERED, ADJUDGED, AND DECREED** that Defendants' Partial Motion to Dismiss [ECF No. 32] and Defendants' Motion to Dismiss the Amended Complaint [ECF No. 37] are GRANTED IN PART and DENIED IN PART, as follows:

Defendants' motion to dismiss certain Plaintiffs for lack of standing is DENIED.

Defendants' motion to dismiss Plaintiffs' claims under the Congressional Review Act is GRANTED, and those claims are DISMISSED.

Defendants' motion to dismiss Plaintiffs' Regulatory Flexibility Act claims based on the allegation that the "head of the agency" did not make the section 605(b) certification is GRANTED, and those claims are DISMISSED.

Defendants' motion to dismiss Plaintiffs' Regulatory Flexibility Act claims based on the allegation that the section 605(b) certification's economic analysis was inadequate is DENIED.

**THUS DONE AND SIGNED** in Chambers, this 5<sup>th</sup> day of December, 2024..
